Castle

Castle

1. Using the Portcullis piece, glue to the reverse of the Front piece, lining up with the door opening.
2. Using the Front, Back, Sides, Top and Base pieces, glue together along the corresponding edges to form the castle box shape.
3. Decorate with the corresponding mat pieces.
4. Using the Drawbridge, mat the detailed piece to the plain piece.
5. Glue the tab on the base of the Drawbridge piece to the gap in the Front piece to create a hinged drawbridge.

Keep

6. Using the Sides, Top and Base pieces, glue together to create the box shape of the Keep.
7. Decorate with the corresponding mat pieces.
8. Using the Ramparts piece, fold along the score lines and glue together using the tabs.
9. Glue the completed Ramparts to the top of the Keep section, ensuring it is positioned centrally.
10. Glue the completed Keep section to the top of the completed Castle section, ensuring it is positioned centrally.

Turrets

11. Using two of the Sides piece, glue together using the long tab.
12. Using the Back pieces, fold along the central score line and glue to the Side pieces using the long tabs. The fold on the Back piece should point in towards the centre of the shape.
13. Using two of the Top and Base pieces, glue to each end of the Turret section completed above.
14. Decorate with the corresponding mat pieces.
15. Repeat steps 11 – 14 until there are four Turret sections.
16. Glue the Turret sections to the corners of the Castle piece.
17. Using the Ramparts pieces, fold along the score lines and glue together using the tabs.
