Tomato Gift Box	24	

3D Daffodil

1. Cut one of the file.
2. Using the two petal shapes, glue one on top of the other at an angle.
3. Using the remaining piece, fold along the tabs and glue the tabs to the corresponding sides to make the centre.
4. Glue the centre to the middle of the petal shapes.

Car Gift Box

Cutting List

- 1x Base
- 1x Bonnet
- 1x Embellishments
- 1x Roof
- 1x Tyres

1. Fold the Base by the score lines and glue by the tabs.
2. Glue the Bonnet to the Base.
3. Fold the Roof by the score lines and glue by the tabs.
4. Glue the Roof to the Base by the tab on the back of the Roof.
5. Add the Embellishments and the Tyres.

Watering Can Box

Cutting List

- 1x Watering Can Box
 - 4x Watering Can Mat
1. Fold the main watering can piece by the score lines and glue by the tabs.
 2. Add the accessories and the Mats to the sides of the watering can.

3D Pinks

1. Cut one of the file.
2. Using the largest piece, fold along the score lines and glue the tabs to the corresponding sides, creating a flower shape with a base.
3. With each remaining tabbed piece, fold along the score lines and glue the ends together using the tab.
4. Glue the petals to the centre of the flower shape using the tabs and glue to the centre base. Begin with the largest and work to the smallest.
5. Make the remaining petal shape and roll to create the flower centre, glue this to the centre of the flower.

Baseball Cap Box

Cutting List

- 1x Box
 - 1x Lid
 - 1x Peak
1. Using the long Box piece, glue to the edges of the octagonal Box piece using the tabs, gluing the end tabs together to finish.
 2. Glue the completed Box piece to the Peak piece, lining up with the corresponding area at the back.
 3. Using the Lid piece, assemble by folding along the score lines and gluing the tabs to the corresponding sides.
 4. Place the lid on the box to finish.

Beehive

Cutting List

- 4x Base
- 1x Bees (or as many as wanted)
- 1x Roof Base
- 1x Roof Mats
- 14x Sides
- 1x Stilted Base
- 1x Top Mat
- 1x Top Piece Front and Back
- 3x Top

1. Glue the Sides to the Base piece.
2. Glue the Top piece to the top part of the Sides.
3. Repeat the above three more times, leaving the 4th piece (the top one) only with two Sides glued.
4. Glue the Top Piece Front and Back to the Top part of the beehive.
5. Glue the Roof Base piece to the top part of the beehive.
6. Glue those four parts together, one on top of the other as seen in the picture.
7. Add the Roof Mats and the Top Mat.
8. Bend the Stilted Base by the score lines and glue by the tabs.
9. Glue the beehive to the top of the Stilted Base.
10. Decorate and add the Bees.

Chicken Coop

Cutting List

- 1x Base and Sides
 - 1x Door
 - 1x Front and Back
 - 1x Front Mat
 - 1x Roof Base
 - 1x Roof Tiles
 - 1x Roof Top
 - 4x Stilts
1. Fold the Base and Sides by the score lines.
 2. Glue the Front and Back pieces to the Base and Sides.
 3. Add the Roof Base to the top of the chicken coop.
 4. Add the Roof Tiles to the top of the roof, starting with the bigger piece and ending with the smallest.
 5. Glue the Roof Top pieces to the top of the roof as seen in the picture.
 6. Add the Front Mat and the Door to the front of the chicken coop.
 7. Fold each stilt by the score lines and glue by the tabs.
 8. Glue the stilts on the base of the chicken coop, on each sides of the base.

Garden Shed Box

Cutting List

- 1x Box
- 1x Lid
- Embellishments as desired

1. Assemble the Box piece by folding along the score lines and gluing the tabs to the corresponding sides.
2. Using the Lid pieces, fold along the score lines then mat the scalloped pieces together working from the largest to the smallest, ensuring they are positioned centrally.
3. Mat the scalloped Lid section completed in step 2 to the plain lid section, leaving the tab open.
4. Glue the lid tab to the inside edge of the box to create a hinged lid.
5. Decorate with the embellishments as desired.

Geometric Plant Pot

Cutting List

- 1x Base
 - 1x Top
1. Using the Base piece, assemble by folding along the score lines and gluing together using the tabs.
 2. Take the Top piece and glue the ends together using the small tab.
 3. Glue the Top piece to the top edge of the Base piece.

Lantern

Cutting List

- 1x Base
 - 4x Side
1. Glue the Sides to the Base.
 2. Glue the Sides together by the tabs.

Ornate Plant Pot

Cutting List

- 1x Base
 - 8x Mat
 - 8x Side
1. Using the Sides pieces, glue to the edges of the Base piece.
 2. Glue the Side pieces together using the tabs at the sides.
 3. Decorate the sides with the Mat pieces if desired.

Paint Brush

Cutting List

- 1x Base
 - 1x Bristle Bottom
 - 10x Bristles Sides
 - 10x Ferrule Sides
 - 1x Ferrule Top
 - 10x Handle Sides
1. Glue the Handle Sides to the Base.
 2. Glue together by the tabs.
 3. Add the Ferrule Sides to the part of the Handle.
 4. Glue the Top piece to the Ferrule Sides.
 5. Glue the Bristle Sides to the Bristle Bottom.
 6. Glue the Bristle Sides together by the tabs.
 7. Add the Bristles to the top of the Ferrule.

Pick Up Truck

Cutting List

Cab

- 1x Base
- 1x Front Mat
- 1x Front
- 2x Seat
- 1x Sides Mat
- 1x Sides
- 1x Top and Back
- 1x Windows

Truck

- 1x Base
- 1x Front and Back
- 1x Inside Mat
- 1x Rear Mat
- 1x Sides Mat
- 1x Sides

Wheels

- 1x Sides
- 1x Spokes
- 1x Tyre Treads

Cab

1. Using the Base piece, glue to the bottom of the Sides pieces. Begin with the smallest Base section at the front, then follow the wheel curve of the wheel arches with the middle section, then glue the remaining section to the rear part as shown in the image.

2. Using the Top and Back piece, glue the section with the window cut out to the rear of the Base section, then to the back of the Sides pieces.
3. Assemble the Seat pieces by folding along the score lines and gluing the tabs to the corresponding sides.
4. Glue the seats inside the Cab section, positioning them behind the wheel arches, as shown in the image.

5. Glue the remaining part of the Top and Back section to the top of the cab.
6. Glue the Front section to the front section of the cab, ensuring the windscreen cut out section is glued to the top section of the cab.
7. Glue the Windows pieces to the corresponding cut outs.
8. Glue the long Sides Mat pieces to the sides, lining up with the base so they follow the wheel arches.
9. Glue the small Sides Mat pieces beneath the window sections to make the door handles.
10. Using the Front Mat pieces, mat the detailed grill piece to the corresponding solid piece. Mat the headlight frame pieces to the solid headlight pieces then glue these to the corresponding sections of the grill piece. Using the remaining mat piece,

glue this to the bottom edge of the front of the cab to create a bumper. Glue the grill section above this.

Truck

1. Using the Base piece, glue to the Side pieces ensuring to follow the curve of the wheel arch with the centre section.
2. Glue the Front and Back pieces to the remaining open ends of the Base and Sides pieces.
3. Mat the Inside Mat pieces to the inside panels of the sides so the Base tabs for the wheel arches are covered.
4. Mat the Sides Mat pieces to the Side pieces, ensuring they are lined up with the bottom edge and wheel arches.
5. Using the Rear Mat pieces, glue the long piece to the bottom edge of the rear of the truck section. Glue the tail light frames to the tail light pieces then glue these to the back of the truck.

Wheels

1. Using one of the Sides pieces, glue the Tyre Treads piece to the edge, ensuring to follow the curve of the circle.
2. Glue another Sides piece to the opposite side of the Tyre Treads to complete the tyre shape.
3. Mat a Spokes piece to one side of the completed tyre shape. Repeat with the remaining pieces until all four tyres are complete.

Rolling Pin

Cutting List

- 1x Base
- 1x Mat
- 1x Sides and Handles

1. Glue the Mat to the Base piece.
2. Roll the Base over and glue by the long tab.
3. Add the Sides and Handles to each side of the rolling pin.

Sewing Machine Gift Box

Cutting List

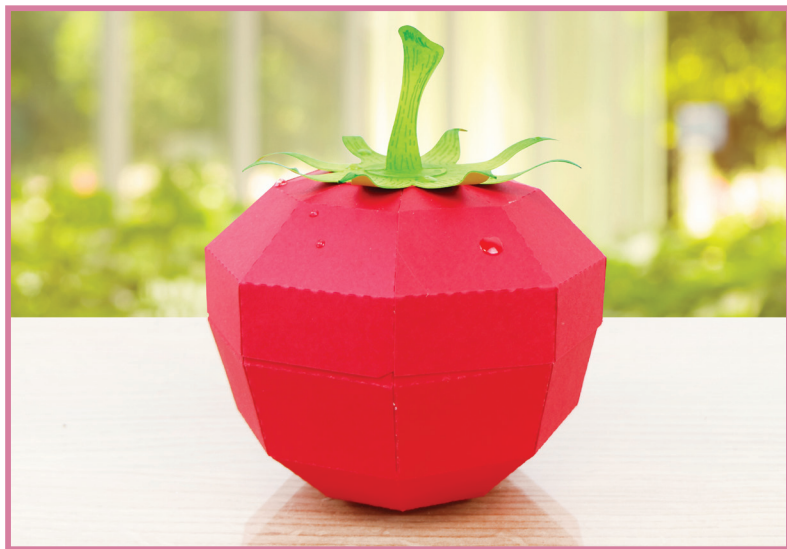

- 1x Box
- 1x Lid

Sewing Machine

1. Assemble the Box and Lid pieces by folding along the score lines and gluing the tabs to the corresponding sides.
2. Using the two solid Sewing Machine pieces, mat together leaving the tabs below the score lines open.
3. Mat the decorative Sewing Machine pieces to the solid pieces.
4. Fold open the tabs at the bottom of the sewing machine and glue to the top of the Lid piece.
5. Place the lid on the box to finish.

Tomato Gift Box

Cutting List

- 1x Box
- 1x Lid
- 1x Stem

1. Using the Box piece, assemble by folding along the score lines and gluing together using the tabs.
2. Using one of the large Lid pieces, assemble by folding along the score lines and gluing together using the tabs. Repeat with the remaining large Lid piece.
3. Glue the two large Lid pieces together, then glue the small Lid piece to the remaining tabs at the top.
4. Using the large Stem piece, glue to the top of the Lid.
5. Mat the two remaining Stem pieces together leaving the bottom section below the score line open. Fold this section outwards and glue to the top of the lid.
6. Place the lid on the box to finish.

Tool Box

Cutting List

Box

- 1x Base
- 1x Sides

Lid

- 1x Handle and Locks
- 1x Lid Sides
- 1x Lid Top

1. Glue the Sides to the Base of the box by the tabs.
2. Fold the Lid Top by the score lines and glue the Lid Sides to the sides of the Lid Top.
3. Glue the Lid to the Box by the long tab.
4. Add the Handle to the top of the lid and the Handles to the front of the tool box as seen in the picture.

Trophy Box

Cutting List

- 1x Base
 - 1x Cup
 - 1x Handles
 - 1x Lid
 - 1x Stand
1. Using the large Base piece, assemble by folding along the score lines and gluing together using the tabs.
 2. Glue the small Base piece to the front of the Base piece completed above to make a label for the trophy.
 3. Using the Stand piece, assemble by folding along the score lines and gluing together using the tabs then glue to the top of the Base piece, ensuring it is centred.
 4. Using the Cup piece, assemble by folding along the score lines and gluing together using the tabs, then glue to the top of the Stand piece.
 5. Using the Lid piece, assemble by folding along the score lines and gluing together using the tabs. Place this on top of the Cup section to make the lid.
 6. Glue the Handles pieces to either side of the Cup section.

Tug Boat

Cutting List

Boat

- 1x Base
- 1x Hull Trim
- 1x Hull
- 1x Port Side
- 1x Starboard Side
- 1x Stern

Cabin

- 1x Base
 - 1x Cabin Roof
 - 1x Chimney
 - 1x Sides
 - 1x Top
 - 1x Upper Cabin Windows
 - 1x Upper Cabin
-
- Embellishments as desired.

Boat

1. Using the Stern piece, glue the top section together using the tabs.
2. Glue the Stern to the corresponding side at the rear of the Base piece.
3. Using the Port Side pieces, glue the two sections together lining up the tabs with the corresponding sides. Repeat with the Starboard Side pieces.
4. Glue the completed Side pieces to the sides of the Base piece, and the sides of the Stern piece.
5. Using the two similar sections of the Hull pieces, glue together using the tabs, lining them up with the corresponding sides. Glue this to the front of the Base piece and sides of the Side pieces to complete the boats base shape.
6. Glue the remaining Hull piece to the top of the front of the boat shape.

Cabin

7. Using the Base, Sides, and Top pieces, glue together lining up the tabs with the corresponding sides to create the cabin base shape.
8. Using the large Upper Cabin piece, fold along the score lines and glue the tabs to the corresponding sides. Glue the remaining Upper Cabin piece to the front of upper cabin shape.
9. Glue the Upper Cabin Windows to the corresponding areas of the Upper Cabin section.
10. Glue the completed Upper Cabin section to the cabin base shape.

Vase

Cutting List

Base

- 8x Sides
- 1x Top and Base

Vase

- 1x Base
- 8x Side Mat
- 8x Sides

1. Using the Base Sides pieces, glue to the edges of the largest Top and Base piece using the tab that corresponds with the edge.
2. Glue the Base Sides pieces together using the tabs at the sides.
3. Glue the remaining Top and Base piece to the remaining tabs at the top.
4. Glue the Vase Sides pieces to the edges of the Base piece using the small tabs at the bottom.
5. Glue the Sides pieces together using the tabs at the sides.
6. Mat the Side Mat pieces to the sides of the vase.
7. Glue the completed Vase piece to the completed Base.
