Please note that props used in the photography are not included with the collection.

**Warning** - Do not light wax candles near these products as it is a fire hazard.
Designer Tips

Basics for all the projects
If you are using 750 micron construction board you will need to cut 4 layers of each section. If you are using 1000 micron construction board you will need to cut 3 layers of each section.

You will need:
A sanding block
A good PVA glue (We used Pinflair Bookbinding glue).
A brown alcohol marker to colour the edges of each section so that it looks like wood.
Patterned papers from the USB or from your stash.

Once you have cut and glued your construction board layers together you will then cover them with patterned paper before assembling.

Make sure you let each section dry before moving on to the next.
Bits and Bobs Shelf

Finished size - 11.2 inches x 11.4 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List (Construction board)
1 x Back
1 x Shelf Support
1 x Shelf

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.
2. Cover each section on both sides with patterned paper. Leave to dry.
3. Use an alcohol marker to colour the edges of each section.
4. Glue the Shelf Support in place, making sure it is level. Allow to dry thoroughly.
5. Attach the Shelf to the top of the Support.
Book Drawer

**Finished size** - 6 inches x 9.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List**

*(Construction board)*

**Drawer**
- 1 x Back
- 1 x Base
- 1 x Front
- 2 x Sides

**Box**
- 1 x Top
- 1 x Base
- 1 x Back
- 2 x Sides

Cut the above twice from patterned paper.
1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

**Drawer**

4. Glue the Sides on to the edges of the Base. Allow to dry thoroughly.

5. Glue the Back in place and allow to dry. Glue the Front in place centrally. The Drawer Front will be slightly wider than the Drawer.

6. Attach a handle to the Front of the Drawer.

**Box**

7. Glue a Side on to the left Side of the Back section. Repeat with the other Side on the right-hand Side of the Back. Allow to dry thoroughly.

8. Glue the Back and Sides on to the Base. The left-hand Side aligns with the left-hand Side of the Base and is approx. 6mm from the Front and 3mm from the Back of the Base. Allow to dry thoroughly.

9. Glue the Top onto the edges of the Sides and Back, aligning with the Base.
Cuckoo Clock Shelves

Finished size - 6.7 inches x 10.3 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List
(Construction board)
1 x Back
1 x Base
1 x Front
1 x Left Roof
1 x Right Roof
1 x Shelf
2 x Sides

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Glue the Back on to the outside edge of the Base. Allow to dry.

5. Glue the Sides to the outside edges of the Base. Allow to dry.

6. Glue the Shelf in place. Allow to dry.

7. Glue the Front in place. Allow to dry.

8. Glue the right-hand part of the Roof in place. Let it dry and then glue the left-hand piece to complete your project.
Display Shelves

**Finished size** - 9.4 inches x 11.3 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List** *(Construction board)*

</tr>
</tbody>
</table>

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Glue each Side to the outside edge of the Back. Allow to dry thoroughly.

5. Glue the Back and Sides on top of the Base. Allow to dry.

6. Position and glue the two Shelf Supports in place and allow to dry. Make sure they are level.

7. Glue the Shelves on to the top of the Shelf Support and allow to dry.

8. Glue the Shelf Lips in place.
Drawer Set

Finished size - Drawer Set - 9.4 inches x 9.6 inches,
Plinth - 10.2 inches x 0.98, Pen Pot 6.4 inches x 3.2 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List
(Construction board)

Plinth
1 x Front
1 x Back
1 x Base
2 x Sides

Drawer Unit
1 x Back
1 x Base
5 x Dividers
1 x Top
1 x Long Side
1 x Short Side
2 x Shelves

Drawers
(The quantity is for 7 drawers)
7 x Front
7 x Back
7 x Base
14 x Sides

Pen Pot
1 x Front
1 x Back
1 x Base
2 x Sides

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

Plinth
4. Glue the Sides to the left and right hand Side of the Plinth Base. Glue the Front and Back in place.

Drawer Unit
5. Glue the long Side to the left-hand outside edge of the Base. Allow to dry

6. Glue the short Side to the right-hand outside edge of the Base. Allow to dry.
**Drawers**

7. Make all seven Drawers. Glue the Sides to the outside edge of the Base and allow to dry. Glue the Front and the Back in place and allow to dry.

Please note that in the photos the Back was already glued on before the Shelves and Dividers were glued in place for illustration purposes. We would recommend this is attached afterwards.

8. Position three of the Drawers on the Base and glue a Divider in between each Drawer. Allow to dry.

9. Glue a Shelf in place so that the underside of the Shelf sits on top of the Drawer dividers and then glues to the Sides. Repeat this with the next layer of Drawers, Dividers and Shelf. Make sure the Shelves are level.

10. Place the final Drawer on top of the second Shelf so it lines up on the left hand Side. Glue the last Divider in place.

11. Once everything is completely dry remove the drawers and attach the Back.

12. Glue the Top in place.

**Pen Pot**

13. Glue the Front and Back to the outside edges of the Base. Glue the Sides in place.
Key Holder

**Finished size** - 7.9 inches x 11.8 inches

**Note** - This project requires small decorative adhesive hooks which are not included with the collection. They can be purchased online or from a high street retailer.

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List**
- **(Construction board)**
- **Drawers**
  - There are 2 drawers. The quantities below are for both of them.
  - 2 x Base
  - 2 x Back
  - 2 x Front
  - 4 x Sides

- **Key Holder**
  - 1 x Back
  - 2 x Sides
  - 1 x Top
  - 1 x Base
  - 1 x Shelf
  - 1 x Drawer Divider
1 x Heart  
(Just one layer of construction board for the Heart)

1 x Hook Insert  
(6 layers of construction board)

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

**Drawers**
4. Make two drawers. Glue the Sides to the outside edge of the Base and allow to dry. Glue the Front and the Back in place and allow to dry.

**Key Holder**
5. Glue the Top and Base to the outside edge of the Back section and allow to dry. Glue the Sides in place and allow to dry.

6. Position the drawers onto the Base of the Key Holder and glue a Divider between them.

7. Glue a Shelf in place so that the underside of the Shelf sits on top of the Drawer divider and then glues to the Sides. Allow to dry.

8. Once everything is dry, remove the drawers.

9. Glue the Heart onto the Back between the Shelf and the top of the Key Holder box. Allow to dry.

10. Glue the Hook Insert in place.

11. Attach adhesive hooks.
Large Tissue Box

Finished size - 10.8 inches x 3.5 inches

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

Cutting List (Construction Board)
1 x Base
1 x Front
1 x Back
2 x Sides
1 x Lid Sides
1 x Lid Top

Cut 2 of each of the above from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.
2. Cover each section on both sides with patterned paper. Leave to dry.
3. Use an alcohol marker to colour the edges of each section.
4. Glue each Side to the outside edges of the Base leaving to dry thoroughly each time.
5. Glue the Front and Back to the Base leaving to dry thoroughly each time.
6. Glue the Sides to the outside edges of the top. Leave to dry thoroughly in between each one. Do one at a time.
Layered Box

Finished size - Box - 5.9 inches x 3 inches, Plinth - 6.7 inches x 0.6 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List (Construction Board)

Plinth
1 x Front
1 x Back
1 x Sides
1 x Top

Box
1 x Base
1 x Front
1 x Back
1 x Lid
1 x Sides

Large Insert Tray
1 x Base
1 x Front
1 x Back
2 x Sides
**Small Insert Tray**
1 x Base
1 x Front
1 x Back
2 x Sides

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

**Plinth**
4. Glue the Front and Back sections to the outside edges of the top.

5. Glue the Sides in place and allow to dry.

**Box**
6. Glue the Front and the Back sections to the outside edges of the Base. Allow to dry.

7. Glue one of the Sides to the outside edge of the Base and allow to dry.

8. Slot one Side of the Lid in to the hole on the Side section that has been glued in place. Slot the other Side of the Lid in to the second Side section and once aligned glue the Side into position. Allow to dry.

**Large Insert Tray**
9. Glue the Sides to the outside edges of the Base. Allow to dry. Place in the bottom of the Box. **Please note that once this is in the box it cannot be removed.**

**Small Insert Tray**
10. Repeat step 9 to make the smaller Insert Tray. **Please note this is removable.**
Letter Holder

**Finished size** - 8.6 inches x 9.6 inches

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

**Cutting List**
*(Construction Board)*
- 1 x Back
- 1 x Base
- 1 x Front
- 2 x Sides
- 2 x Front Decoration

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Glue the Sides to the left and right-hand Side of the Base. Allow to dry.

5. Glue one of the Front decoration pieces to the Front edge of the Base making sure they are both level.

6. Glue the Front to the Sides. The bottom edge of the Front will glue to the Front decoration which is attached to the Base.

7. Glue the other Front decoration section to the Front.
Make Up Storage Box

**Finished size** -
Big Box - 6.3 inches x 5.7 inches, Lid Box - 6.7 inches x 4.8 inches
Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List**
**(Construction Board)**
1 x Base
1 x Front
1 x Back
2 x Sides

Cut the cutting the above twice from patterned paper.

**Big Box**
1. Glue the layers of board together to create all of the sections. Leave to dry.
2. Cover each section on both Sides with patterned paper. Leave to dry.
3. Use an alcohol marker to colour the edges of each section.
4. Glue each Side to the outside edges of the Base leaving to dry thoroughly each time.
5. Glue the Front and Back to the Base leaving to dry thoroughly each time.

**Lid Box**
1. Cut as per instructions above. Cut paper as per instructions above.
2. Repeat the instructions Big Box instructions.
Slider Lid Storage Box

Finished size - 7.3 inches x 7.3 inches
Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

Cutting List
1 x Base
1 x Lid
1 x Front
1 x Back
2 x Sides
2 x Slider Rails
1 x Slider

Cut the cutting the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. One Side is shorter than the rest. Set this one to one Side. Glue the two Sliders on top of two Sides making sure they line up to the bottom. Allow to dry thoroughly. Once dry, glue these to the left and right-hand Side of the shorter Front piece. Allow to dry. Glue the last Side to the Back. Allow to dry.

5. Glue the square frame you made to the Base, making sure it is central.

6. Glue the Lid to the top.

7. Slide the Slider in place. It should go under the Lid and sit on top of the Slider Rail.
Table Top Storage

Finished size - 5.8 inches x 4.9 inches

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

Cutting List (Construction Board)
1 x Base
1 x Front
1 x Back
2 x Sides

1. Glue the layers of board together to create all of the sections. Leave to dry.
2. Cover each section on both sides with patterned paper. Leave to dry.
3. Use an alcohol marker to colour the edges of each section.
4. Glue each Side to the outside edges of the Base leaving to dry thoroughly each time.
5. Glue the Front and Back to the Base leaving to dry thoroughly each time.
Tall Box

**Finished size -**
Box - 4.8 inches x 6.8 inches, Lid and Stand - 4.1 inches x 1.4 inches

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

**Cutting List**
(Construction Board)

**Box**
1 x Base
1 x Front
1 x Back
2 x Sides
1 x Recess Panel

**Lid and Stand**
(The quantities below will make both parts)
2 x Fronts
2 x Backs
4 x Sides
3 x Top
(On the stand the Top is the Base)

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.
2. Cover each section on both sides with patterned paper. Leave to dry.
3. Use an alcohol marker to colour the edges of each section.

**Box**
4. Glue the Front and Back to the top of the Base. Allow to dry.
5. Glue the Sides of the box in place. Allow to dry.
6. Glue the Recess section to the centre of the underneath of the Base.
7. Decorate to suit your style. There are some lovely designs in the embellishment folder.

**Lid and Stand**
8. Glue the Sides to the Front and the Back. Allow to dry.
9. Glue the above to the Top/Base. Allow to dry.
10. Glue the second Lid to the top offsetting it as seen in the photo.
Tea Box

**Finished size** - 3.5 inches x 6.1 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List**
(Construction Board)
1 x Base
1 x Front
1 x Back
2 x Sides
1 x Lid

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Glue the Back section to the outside edge of the Base. Leave to dry thoroughly.

5. Glue one of the Sides to the outside edge of the Base. Allow to dry thoroughly.

6. Slot the Lid in to the hole at the top of the Side section you have already attached to the Base. Slot the other Side of the Lid in to the second Side and glue the Side to the outer edge of the Base. Leave to dry thoroughly.

7. Glue the Front section in between the two Sides making sure that the straight edge is at the top.
The Thingy

Finished size - 8 inches x 11.4

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List
1 x Back
1 x Base
1 x Shelf
1 x Drawer Divider
2 x Drawers
1 x Letter Rack Divider
1 x Decorative Divider
2 x Sides

Cut a Solid Back from a single sheet of construction board.

Cut 2 x Solid Backs from patterned paper.

Cut the above twice from patterned paper.
1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

**Shelving Unit**

4. Glue the 2 Sides to the outside edges of the Back. Allow to dry.

5. Glue the Sides and Back to the outside edges of the Base. Allow to dry.

8. Glue the Shelf in place so it sits on top of the Drawer divider. Allow to dry.

9. Position and glue the Decorative Dividers in place.

10. Glue the Letter Rack Divider in place making sure it attaches to the Side of the Decorative Dividers as well as the Back.

11. Glue the two Solid Back patterned paper pieces to the construction board Solid Back. Allow to dry. Glue this to the Back of the Thingy.

**Drawers**

6. Make two Drawers. Glue the Front and Back to the outside edges of the Base. Allow to dry. Glue the Sides to the outside edges of the Base. Allow to dry.

7. Put the two drawers in position and glue the Drawer divider in between them.
Three Drawers

Finished size - 8.3 inches x 10.2 inches

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

Cutting List
(Construction Board)

Drawers. The quantities below are for all three drawers.
3 x Backs
3 x Front
3 x Base
6 x Sides

Shelves
1 x Back
2 x Sides
1 x Base
3 x Shelves

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Make all three drawers. Glue the Sides to the outside edge of the Base and allow to dry. Glue the Front and the Back in place and allow to dry.

5. Glue the Back to the Base and allow to dry thoroughly.

6. Glue the Sides to the outside edges of the Base. Leave to dry.

7. Place a Drawer on to the Base. Insert a Shelf on top of the Drawer and glue it to the Sides and Back of the shelving unit. Allow to dry thoroughly. Repeat this with the other two drawers making sure that the Shelves are level.
Tissue Box

Finished size -
Tissue Box - 4.13 inches x 5 inches, Holder - 5.3 inches x 1.9 inches

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

Tissue Box
4. Glue each Side to the top leaving to dry thoroughly each time.

5. Glue the Front and Back to the top leaving to dry thoroughly each time.

6. Glue the Decorative Lid onto the top.

Holder
7. Glue each Side to the Base leaving to dry thoroughly each time.

8. Glue the Front and Back to the Base leaving to dry thoroughly each time.

Cut the following either 3 or 4 times depending on the thickness of board you are using. (See designer tips).

Cutting List
(Construction Board)
Tissue Box
1 x Front
1 x Back
2 x Sides
1 x Decorative Lid

Holder
1 x Base
1 x Front
1 x Back
2 x Sides

Cut the above twice from patterned paper.
Toiletries Box

Finished size - 8.1 inches x 8.5 inches
Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

**Cutting List**  
**(Construction board)**

**Drawer**  
1 x Base  
1 x Back  
1 x Front  
2 x Sides  

**Box**  
1 x Back  
1 x Base  
2 x Sides  
1 x Shelf  
1 x Front  
1 x Front Insert (Only cut 1 layer of construction board for this.)  
1 x Lid  

Cut the above twice from patterned paper.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

**Drawer**
4. Glue the Sides to the outside edges of the Base and allow to dry. Glue the Front and the Back in place and allow to dry.

**Box**
5. Glue the Back section onto the top of the Base. Allow to dry.

6. Glue one of the Sides to the outside edge of the Base and allow to dry.

7. Slot the Lid in to the glued Side. Slot the other Side of the Lid in to the other Side of the box and keeping it in there glue the Side to the box. Allow to dry thoroughly.

8. Place the Drawer on to the Base of the box. Place the Shelf on top of the Drawer and once positioned glue the Shelf to the Back and the Sides of the box. Allow to dry.

9. Glue the Front insert to the Back of the Front. Glue the Front to the top of the Shelf and the Sides of the Box. Allow to dry.
