Designer Tips

You will need:

A sanding block

A good quality PVA glue

An alcohol marker to colour the edges of each section so that they look like wood

Patterned papers from the USB or from your stash

Basics for all the projects

- If you are using 750 micron construction board you will need to cut four layers of each section. If you are using 1000 micron construction board you will need to cut three layers of each section.
- Once you have cut and glued your construction board layers together you will then cover them with patterned paper before assembling.
- Make sure you let each section dry before moving on to the next.

Making The Sections

1. Cut your pieces on your SVG cutting machine.

 Using a good PVA glue, spread a thin layer of glue on one piece of construction board, ensuring it goes right to the edge.

3. Place the next layer on top, so the edges align. When in place, press firmly down in the centre, pressing out to the edges to bind the pieces together. Repeat with the remaining pieces of the section. Leave to dry fully.

4. Using a sanding block or fine sandpaper, gently sand the edges smooth, removing any small lumps of dried glue or board.

 Spread a very thin layer of PVA glue on the top of the construction board and attach your patterned card. When dry, repeat for the other side.

6. Using an alcohol marker, line the edges of your pieces.

Ink Bottle Drawers

Finished size - 8.5 inches x 7.75 inches

Cut the following pieces either 3 or 4 times, depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

2 x Drawer (Per Drawer)

- 1 x Drawer Base
- 2 x Drawer Side
- 1 x Drawer Back
- 1 x Drawer Front
- 1 x Drawer Top

Storage Unit

- 1 x Back
- 1 x Base
- 2 x Side
- 1 x Shelf
- 4 x Shelf Support

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

- Glue the Drawer Back onto the top of the Drawer Base. Allow to dry.
- 2. Glue the Drawer Sides in place, allow to dry.
- Glue the Drawer Front and allow to dry.
- 4. Attach the Drawer Top and allow to dry.
- 5. Repeat steps 1-4 to create another Drawer.

Storage Unit

- 1. Glue the Sides to the outside edges of the Base. Allow to dry.
- 2. Glue the Back piece into place, allow to dry.
- 3. Place a Drawer onto the Base and add your ink bottles.
- 4. Glue the four Shelf Supports on to the Back of the Shelf.
- 5. Glue the Shelf in place allowing enough room for your lower Drawer to pull in and out.
- 6. Place the second Drawer on top of the Shelf.

A4 Paper Tidy

Finished size - Tray: 11.5 inches x 1.5 inches, Tidy: 3.5 inches x 11.2 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

3 x Paper Tidy (per Tidy)

1 x Back

1 x Base

1 x Front

2 x Side

Tray (holds 3 Paper Tidies)

1 x Back

2 x Side

1 x Base

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Tray

- Glue the Side pieces to the outside of the Base. Allow to dry.
- Glue the Back in place. Allow the Tray to dry.

Paper Tidy

- Glue the Side pieces to the outside of the Base. Allow to dry.
- Glue the Back in place (see picture). Allow to dry.
- Finally, glue a Front piece in place. We have included three different Front designs on the USB, (pictured).
- 4. Repeat steps 1-3 to create two more Paper Tidies.

Cutlery Tray

Finished size - 11.5 inches x 11.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Cutlery Tray

- 1 x Back
- 1 x Base
- 1 x Front
- 2 x Side

Drawer

- 3 x Divider
- 2 x Drawer Front and Back
- 2 x Drawer Side
- 1 x Drawer Base

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

- Glue the Drawer Sides onto the outer edges of the Drawer Base. Allow to dry.
- 2. Glue the Drawer Front and Back into place, allow to dry.
- Align the Dividers evenly in the Drawer and glue into place. Allow to dry.

Cutlery Tray

- 1. Glue the Sides onto the outer edges of the Base piece. Allow to dry.
- Glue the Back in place the edges of the Base and Sides. Allow to dry.
- 3. Glue the Front in place. Allow to dry.

Desk Cabinet

Finished size - 10 inches x 11.6 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Door Embellishments are included on the USB.

Cutting List (Construction Board)

For the Cabinet

- 1 x Back
- 1 x Decorative Back
- 2 x Door
- 1 x Drawer Shelf
- 1 x Hinge Shelf

- 2 x Middle Sides
- 6 x Shelf
- 12 x Shelf Support
- 1 x Top and Base
- 1 x Hinge Top
- 2 x Door Stopper

2 x Drawers (Per Drawer)

- 1 x Base
- 2 x Front and Back
- 2 x Side

Cut the above twice from patterned paper.

1 x Top and Base cut from patterned paper.

You Will Also Need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- Use an alcohol marker to colour the edges of each section.
- Glue the Decorative Back to the outside edge of the Base. Allow to dry.
- Glue the Back to the Decorative Edge making sure it sits on top of the Cabinet Base and the sides line up. Allow to dry.

Drawers

- 1. Glue the Front and Back to the outside of the Base. Allow to dry.
- Glue the Sides to the Drawers. Allow to dry. Repeat for the second Drawer.

Cabinet

- Place a Shelf on both sides of the Base so the edges line up.
- Place your Drawers in-between them. Glue the Middle Sides in between the Drawers and the Shelves.
- Using one of the Drawers as a guide, glue the Drawer Shelf in place. Allow to dry.
- Place the second Drawer on top of the Drawer Shelf and use this as a guide to glue the Hinge Shelf in place making sure the holes are at the front.
- Slot the Doors in to the holes on the Hinge Shelf. Glue the Hinged Top on top of the Doors, gluing to the Back of the Cabinet.
- Cut a Top and Base piece from patterned paper and glue over the top of the Hinged Shelf to cover the holes.
- Glue a Shelf Support to the underneath of the right angled corner on each Shelf.
- 8. Glue the Shelves in place.
- 9. Open the Doors and glue the Door Stoppers in place.

Desk Calendar

Finished size - 5.25 inches x 4.25 inches

Unless stated, cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Cube Holder

- 1 x Back
- 1 x Back Cover
- 1 x Small Back
- 1 x Base
- 1 x Shelf
- 2 x Side

Day Holder

- 1 x Base
- 1 x Front
- 2 x Side

Cut the above twice from patterned paper.

For the Date Cubes (Construction Board)

- 2 x Day Cube
- 3 x Month Cube
- 7 x Day Panel

For the Date Cubes (Card/Patterned Paper)

- 2 x Day Cube
- 3 x Month Cube
- 12 x Day Cube Mat
- 12 x Month Cube Large Mat
- 6 x Month Cube Small Mat
- 14 x Day Panel
- 1 x Months
- 1 x Days
- 1 x Numbers
- Glue the layers of construction board together to create all of the sections. Allow to dry.
- 2. Cover each section on both sides with patterned paper. Allow to dry.

3. Use an alcohol marker to colour the edges of each section.

Cube Holder

- Glue the Small Back on top of the Back Cover lining up the bottom edges.
- 2. Glue the Back on top of the above, lining up the bottom edges.
- 3. Glue the Base to the bottom edge of the Back. Allow to dry.
- 4. Glue the Sides in place. Allow to dry thoroughly.

Days Holder

- 1. Glue the Sides to the outside edge of the Base. Allow to dry.
- 2. Glue the Back in place. Leave to dry.
- 3. Glue the Days to the covered construction board Day Panels.

Month Cubes

- Glue the Front and Back to the ends of your Month Cubes. Once dry, glue the Top and Base in place. Repeat for the three Month Cubes.
- 2. Add the patterned paper Month Cube Mats to the Cubes.

3. Add the Months to the sides of the Month Cubes.

Date Cubes

- 1. Build the Cubes. Cover with the card you are using.
- 2. Cover the Cubes with the Day Cube Mats to disguise the edges.
- Add the numbers to your Day Cubes. They should be laid out on the Cubes like this:

	0			0	
3	4	5	6	7	8
	1			1	
	2			2	

- 4. Put the Month Cubes on to the base of your Cube Holder.
- Glue the Shelf in place. Making sure you can remove the Month Cubes.
- Put your Date Cubes on top of the Shelf.
- The Day Panels sit inside the open fronted unit and slot in to the top of the Back section of the Cube Holder.

Remote Control Holder

Finished size - 3.75 inches x 9.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

- 1 x Back
- 1 x Decorative Back
- 1 x Base
- 1 x Big Divider
- 1 x Front
- 2 x Side
- 1 x Small Divider

Cut the above twice from patterned paper. Except the Decorative Back, which only needs cutting once.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.
- 4. Glue the Sides to the outside edges of the Base so the tallest scallop is at the back.

- Glue the Decorative Back on top of the Back and allow to dry. Make sure this is lined up perfectly.
- 6. Glue the Back to the outside edge of the Base. Make sure the Sides are glued to it as well.
- Starting at the back, glue the Dividers in place. Make sure there is glue on the bottom and the sides of the Dividers so they attach to the inside of the unit.

Ink Brush Holder

Finished size - 8.5 inches x 7.6 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

1 x Base

2 x Side

1 x Back

1 x Front

4 x Shelf Support

2 x Shelf

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.
- 4. Glue the Sides to the edge of the Base. Allow to dry.

- Glue the Back in place. Allow to dry.
- Glue two of the Shelf Supports to the underneath of one of the Shelves in between the rows of circles horizontally. Allow to dry. Glue this in to the Base of the Brush Holder. Make sure that the Sides glue to this as well.
- Glue the other two Shelf Supports underneath the top shelf. Allow to dry. Once dry, glue on top of the Lower Shelf.
- Glue the Front in place and allow to dry.

Desk Organiser

Finished size - 5.6 inches x 5.6 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Organiser

(Holds 3 Big Drawers and 3 Small Drawers)

- 1 x Back
- 1 x Shelf
- 2 x Side
- 2 x Small Drawer Divider
- 2 x Big Drawer Divider
- 2 x Top and Base

3 x Big Drawers (Per Drawer)

- 1 x Back
- 1 x Base
- 1 x Front
- 2 x Side

3 x Small Drawers (Per Drawer)

- 1 x Base
- 2 x Front and Back
- 2 x Side

Cut the above twice from patterned paper.

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

The Big and Small Drawers are made in the same way.

- 1. Glue the Side Pieces to the outside edges of the Base.
- Glue the Front and Back in place. Allow to dry.

Organiser

- 3. Glue the Sides to the outside edge of the base.
- 4. Glue the Front and Back in place. Allow to dry.
- Put your Three Small Drawers in to the Desk Organiser and use as a guide to position your Small Drawer Dividers. Glue them in place and allow to dry.
- 6. Glue the Shelf in to the Desk Organiser.
- Put your Big Drawers in place and use as a guide to add your Big Drawer Dividers in place. Leave to dry.
- Glue the Lid on top of the Desk Organiser making sure it lines up on all four sides.

Mini Dresser

Finished size - 8.2 inches x 10.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Drawer Mats are included on the USB if you wish to use them.

Cutting List (Construction Board)

Dresser

- 1 x Base
- 1 x Back
- 2 x Side
- 1 x Top
- 2 x Top Side
- 1 x Mirror
- 2 x Shelf

3 x Drawer (Per Drawer)

- 1 x Drawer Base
- 2 x Drawer Sides
- 2 x Drawer Front and Back

Cut the above twice from patterned paper.

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawers

- Glue the Front and Back to the outer edges of the Base. Allow to dry.
- Glue the Sides in place and allow to dry. Repeat for the other Drawers.

Dresser

- 1. Glue the Back to the outside edge of the Base and allow to dry.
- 2. Glue the Sides in place and allow to dry.
- Place a Drawer on to the Base of the Dresser and use as a guide to glue a Shelf in place.
- 4. Repeat for the other two Drawers. Glue the Top in place.
- 5. Glue the Top Sides in place and allow to dry.
- 6. Glue the decorative frame (Mirror) in place.

Jewellery Box

Finished size - 6 inches x 9.25 inches

Unless stated, cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Cabinet

- 1 x Back
- 1 x Door
- 2 x Drawer Divider
- 2 x Hinge Top and Base
- 1 x Middle Divider
- 1 x Side for Dowel
- 1 x Side
- 1 x Door Stopper

3 x Drawer (Per Drawer)

- 1 x Back
- 1 x Base
- 2 x Side
- 1 x Front

Cut the above twice from patterned paper.

1 x Side (cut from patterned paper) 2 x Top and Base (cut from patterned paper)

You Will Also Need 6mm Dowel

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawers

- Glue the Front and Back to the outside edge of the Base.
- 2. Glue the Sides in place and allow to dry.
- 3. Repeat for the other two Drawers.

Box

- Glue the Back to the outside edge of the Base. Make sure the hole in the Base is in the bottom right hand corner. Allow to dry.
- Glue the Side and Side for Dowel to the outside edges of the Base and allow to dry. Make sure the Side for Dowel is on the right hand side.
- Place a Drawer on the left hand side of the Base and use it to place the first Shelf. Glue the Shelf in place.

- 4. Place the second Drawer on top of the Shelf and use this to glue the second Shelf in place.
- 5. Glue the Middle Divider in place.
- 6. Slot the bottom of the Door in to the hole in the Base.
- Glue the Top of the Jewellery Box in place making sure the top of the door goes in the hole that's in the Top.
- 8. Open the Door and glue the Door Stopper in place.

Kitchen Roll Holder

Finished size - 5.5 inches x 10.25 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Box

1 x Back

1 x Base

1 x Front

1 x Lid

2 x Sides

Inside Holder

2 x Plinth Long Sides

2 x Plinth Short Sides

1 x Plinth Top

2 x Pole Front and Back

2 x Pole Sides

1 x Pole Top

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Plinth

- Glue the Pole Front and Back and Pole Sides to the Pole Top to create a rectangular tube.
- Glue the two Plinth Short Sides to the outside edge of your Plinth Top making sure they are opposite each other. Allow to dry.
- Glue the two Plinth Long Sides to the outside edge of the Plinth Top. Allow to dry.
- Glue the rectangular tube to the middle of the Plinth. This will all slot inside the Kitchen Roll Holder.

Box

- Glue the slotted Front to the outside edge of the Base. Allow to dry.
- 2. Glue the Back to the outside edge of the base. Allow to dry.
- Glue one of the Sides in place so the edge with the hole in it is at the back.
- Slot the Lid through the hole and then glue the other Side in place making sure that the sides of the Lid go through the holes.
- 5. Place the Plinth in to the holder.

Letter Rack

Finished size - 11 inches x 11.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

- 1 x Back Piece
- 1 x Base (per rack)
- 1 x Front (per rack)
- 2 x Side (per rack)

Cut the above twice from patterned paper.

Note: The Letter Rack has two sizes of Back Panels included: small - for a 12" x 12" mat which fits one rack, and large - for a12" x 24" mat which fits two racks.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- Use an alcohol marker to colour the edges of each section.

- 4. Glue the Sides underneath the Front panel, one on the left and one on the right.
- Glue the above centrally on top of the Back.
- 6. Glue the Base at the bottom of the Rack.

Heart Shelves

Finished size - 86 inches x 11 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

1 x Back

2 x Shelf (per Shelf)

1 x Shelf Base

2 x Shelf Sides

1 x Shelf Front

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- Use an alcohol marker to colour the edges of each section.

Shelf 1

 Glue the Back of the Shelves to the outside edge of the Base. Allow to dry.

- 2. Glue two of the Sides to the outside edges of the Base.
- 3. Glue the Front in Place.

Shelf 2

- 1. Glue the Sides to the outside edges of the Shelf Base.
- 2. Glue the Front in place.
- 3. Glue Shelf 2 to the back of the unit as seen in the photo.

Mini Chest of Drawers

Finished size - 9.5 inches x 6.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Cutting List 1 x Large Drawer

1 x Base

2 x Front and Back

2 x Sides

2 x Medium Drawers (Per Drawer)

1 x Base

2 x Front and Back

2 x Sides

3 x Small Drawers (Per Drawer)

1 x Base

2 x Front and Back

2 x Sides

Main Unit

1 x Back

3 x Drawer Divider

2 x Drawer Shelf

2 x Long Feet

2 x Short Feet

2 x Sides

2 x Top and Base

Cut the above twice from patterned paper.

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawers

- Glue the Side pieces onto the outside edge of the Base on opposite sides. Allow to dry.
- Glue the Front and Back in place and allow to dry. Repeat for all Drawers.

Main Unit

- Glue the Sides to the outside edges of the Base and allow to dry.
- 2. Glue the Back in place. Allow to dry.
- Place the three Small Drawers on top of the Base and use this as a guide to glue two of your Drawer Dividers in place. Allow to dry.

- Glue a Shelf on top of the Drawer Dividers making sure it also sticks to the Sides and the Back of the Main Unit. Allow to dry.
- Position the two Medium Drawers on top of the Shelf and glue the Drawer Divider in place. Allow to dry.
- Position your Large Drawer on top of the Shelf and glue the Top in place. Allow to dry.
- Glue the two Long Feet to the Outside edges of the Base and allow to dry.
- Glue the two Short Feet to the bottom of the Main Unit and allow to dry.

Paintbrush Holder

Finished size - 7.7 inches x 8.5 inches

Note:

We have included 2 separate cutting files for different sized brushes, use either the set of small or large brush sizes for the Shelf and Aperture when building the Shelf section.

Unless stated, cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

- 1 x Back
- 1 x Base
- 2 x Side
- 1 x Front
- 4 x Shelf Support
- 1 x Shelf Top
- 1 x Aperture Base (2 layers of construction board)
 1 x Shelf Middle (2 layers of construction board)

Cut the above twice from patterned paper.

 Glue the layers of construction board together to create all of the sections. Allow to dry.

- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.
- Glue the Sides to the outside edges of the Base and allow to dry.
- 5. Glue the Back in place.
- Glue two Shelf Supports on top of the Aperture Base so they are in between the rows of circles horizontally and allow to dry.
- Glue the Middle Shelf on top of the above. Allow to dry.
- 8. Glue the other two Shelf Supports on top of the Middle Shelf in the same way. Allow to dry.
- 9. Glue this on to the Base and the Back of your Paintbrush Holder.
- 10. Glue the Shelf Top in place. Make sure it is also glued to the Back.
- 11. Glue the Front in place and allow to dry.

Ribbon Holder

Finished size - 10.25 inches x 8.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Main Unit

1 x Base

1 x Shelf

2 x Side

1 x Front

1 x Back

8 x Ribbon Holders

Drawer

1 x Base

2 x Side

1 x Back

1 x Front

Cut the above twice from patterned paper.

You Will Also Need

6mm Wooden Dowel

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

- 1. Glue the Sides to either side of the Base.
- Glue the Front and Back Panels into place, ensuring the notches on the Front face upwards. Allow to dry.

Main Unit

- 1. Glue two sets of Ribbon Holders together four times.
- Glue the two Sides to the outside edges of the Base and allow to dry.
- Glue the Back on to the outside edge of the Base. Allow to dry.

- 4. Place the Drawer on top of the Base and use this as a guide to glue your Shelf in place. Allow to dry.
- 5. Glue the Front on top of the shelf.
- 6. Cut the two lengths of Dowel to the inside width of your Main Unit. Add several rolls of ribbon. Slot this in to two of the Ribbon Holders, one on each end and position it inside the unit towards the back. Once you are happy with the positioning make a pencil mark underneath each Ribbon Holder
- Glue the Ribbon Holders in place and allow to dry. Slot the Dowelling with the ribbon rolls in to the Ribbon Holders and leave in place whilst you repeat the process with the second set of Ribbon Holders and Dowelling.
- 8. Allow the second set of Ribbon Holders to dry thoroughly.

Tall Drawers

Finished size - 6.1 inches x 8.1 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Main Unit

1 x Back

2 x Side

2 x Top and Base

1 x Middle Divider

6 x Drawer Divider

8x Drawers (Per Drawer)

1 x Base

2 x Front and Back

2 x Side

You Will Also Need

Drawer Handles

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.

3. Use an alcohol marker to colour the edges of each section.

Drawers

- Glue the Side pieces to the outside edge of the Base.
- Glue the Drawer Front and Back in place. Allow to dry. Repeat for all eight Drawers.

Main Unit

- 3. Glue the two Sides to the top of the Base.
- 4. Glue the Back on top of the Base gluing it to the Sides as well.
- Place two Drawers in place and use as a guide for the Middle Divider. Glue the Middle Divider in place.
- With a Drawer in place glue a Drawer Divider on top, repeat with the other Dividers on the same side. Repeat with the Drawers and Dividers on the other side.
- 7. Glue the Top in place and allow to dry.

Storage Boxes

Finished size - 9.25 inches x 10.2 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Main Unit

- 1 x Back
- 2 x Base and Shelf
- 1 x Drawer Divider
- 2 x Sides

3 x Boxes (Per Box)

- 1 x Base
- 2 x Front and Back
- 1 x Lid Bottom
- 1 x Lid Top
- 2 x Side

2 x Drawers

- 1 x Base
- 2 x Front and Back
- 2 x Side

Cut the above twice from patterned paper.

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawers

- Glue the Sides to the outside edges of the Base and allow to dry.
- Glue the Front and the Back to the outside edges of the Base and allow to dry.

Storage Boxes

- Glue the Front and Back to the outside edges of the Base and allow to dry.
- Glue the Sides to the outside edges of the Base and allow to dry.

Glue the Lid Bottom to the underneath of the Lid Top centrally and allow to dry.

Main Unit

- Glue the Back on to the outside edges of the Base and allow to dry.
- Glue the Sides to the outside edges of the Base and allow to dry.
- Place the Drawers on the Base, use them to position the Drawer Divider and allow to dry.
- Glue the Shelf on top of the Drawer Divider and make sure it also glues to the sides of the Main Unit. Allow to dry.
- 8. Place the Storage Boxes on top of the Shelf.

Desk Tidy

Finished size - Main Unit: 11 inches x 8.2 inches, Side Tray: 4.2 inches x 3.5 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Main Unit

- 1 x Back
- 2 x Sides
- 1 x Base
- 1 x Front
- 1 x Divider 1
- 1 x Divider 2
- 1 x Arch

2 x Side Tray (Per Section)

- 1 x Base
- 1 x Front
- 2 x Side
- 1 x Back
- 1 x Divider
- 1 x Arch

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Main Unit

- 1. Glue the Back to the outside edge of the Base and allow to dry.
- Glue the Sides to the outside edges of the Base and allow to dry.

- 3. Glue the Dividers in place to suit your needs.
- 4. Glue the Front to the outside edge of the Base in between the two Sides. Allow to dry.
- Glue the Arch to the back of the Back piece and allow to dry.

Side Trays

- 1. Glue the Back to the outside edge of the Base. Allow to dry.
- Glue the Sides to the outside edges of the Base and allow to dry.
- Glue the Divider on top of the Base or leave it loose so you can adjust to suit your needs.
- 4. Glue the Front in place and allow to dry.
- Glue the Arch to the back of the Back piece and allow to dry.
- 6. Decorate as desired.

Trinket Box

Finished size - 6.5 inches x 2.25 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Box

1 x Base

1 x Front

1 x Back

2 x Sides

Lid

1 x lid Top 1 x l id Bottom

I X LIU DOLLOII

1 x Lid Base

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Box

- Glue the Front and Back on top of the Base and allow to dry.
- 2. Glue the Sides in place and allow to dry.
- 3. Glue the above on top of the Lid Base centrally.

Lid

 Glue the Lid Bottom to the underneath of the Lid Top centrally.

Stationery Organiser

Finished size - 6 inches x 7 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Drawer

1 x Base

2 x Front and Back

2 x Side

Main Unit

1 x Back

1 x Base

1 x Front

1 x Shelf

2 x Side

Cut the above twice from patterned paper.

You Will Also Need

Drawer Handle

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.

Drawer

- Glue the Sides to the outside edges of the Base and allow to dry.
- Glue the Front and Back to the outside edges of the Base and allow to dry.

Main Unit

- 1. Glue the Back on top of the Base and allow to dry.
- Glue the Sides on top of the Base and allow to dry.
- Place the Drawer on the Base and use this as a guide for the Shelf. Glue the Shelf in place and allow to dry.
- 4. Glue the Front in position.

Craft Tidy

Finished size - Main Unit: 7 inches x 11.25 inches, Side Pot: 2.25 inches x 6 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Tall Drawer

1 x Base

2 x Sides

1 x Front

1 x Back

Short Drawer

1 x Base

2 x Sides

1 x Front

1 x Back

Main Unit

1 x Base

2 x Sides

1 x Back

2 x Shelf

1 x Front

2 x Side Pot (Per Pot)

- 1 x Base
- 1 x Front
- 2 x Side
- 1 x Back
- 1 x Divider

Cut the above twice from patterned paper.

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- Use an alcohol marker to colour the edges of each section.

Drawers

- 1. Glue the Sides to the outside edges of the Base. Allow to dry.
- Glue the Front and Back to the outside edges of the Base. Allow to dry.

Main Unit

- 1. Glue the Back to the outside edge of the Base and allow to dry.
- Glue the Sides to the outside edges of the Base. Allow to dry.
- Place the Tall Drawer on to the Base and use it to position the Shelf. Glue in place and allow to dry.
- Repeat the above for the Short Drawer and allow to dry.
- 5. Glue the Front in position and allow to dry.

Side Pots

- Glue the Front and Back to the outside edges of the Base. Allow to dry.
- Glue the Sides to the outside edges of the Base and allow to dry.
- Add the Divider to suit your needs.

Secret Ink Pad Book

Finished size - Main Unit: 7.4 inches x 11.25 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Book

- 2 x Base and Top
- 2 x Front and Back
- 1 x Side

Drawer

- 5 x Drawer Shelf
- 4 x Ink Apertures
- 1 x Drawer Back
- 1 x Drawer Side
- 1 x Spine

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

- Glue the four Ink Apertures on top of four of the Shelves making sure they line up perfectly. Allow to dry.
- Glue the Drawer Side to the top of the Drawer Back on the right hand side. Allow to dry.
- Glue an Aperture/Shelf section on top of the bottom edge of the Drawer Back making sure it also glues to the Side.
- Glue the Shelf without an Aperture on it to the top of the Drawer Back and allow to dry.

- Glue an Aperture/Shelf section to the middle of the Drawer Back and allow to dry.
- Add the final two Aperture/Shelf sections in between the others and allow to dry.
- 7. Glue the above once dry to the centre of the Spine.

Book

- 8. Place the Drawer section on top of the Back so the Spine touches the left hand edge.
- With the Drawer in place glue the Top to the Back. Repeat this with the Base. Allow to dry.
- Glue the Side to the right hand edges of the Top and Base and allow to dry.
- 11. Glue the Front in place so it lines up perfectly with the book Back. Allow to dry.

The Whatsit

Finished size - 10.5 inches x 9 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

Whatsit

1 x Base

2 x Sides

1 x Back

1 x Shelf

1 x Front

1 x Handle

3 x Large Divider

6 x Small Divider

Drawer

1 x Drawer Base

2 x Drawer Front and Back

2 x Drawer Side

You will also need

Drawer Handles

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- 3. Use an alcohol marker to colour the edges of each section.

Drawer

- Glue the Sides on to the outside edges of the Base and allow to dry.
- Glue the Front and Back on to the outside edges of the Base and allow to dry.

The Whatsit

- Glue the Sides on to the outside edges of the Base and allow to dry.
- 2. Glue the Back to the outside edge of the Base and allow to dry.

- 3. Place the Drawer on the Base and use it as a guide for the positioning of the Shelf and glue the shelf in place. Allow to dry.
- Glue two of the Small Dividers on top of one of the Large Dividers spacing then evenly. Repeat three times.
- Glue the above to the top of the Shelf on the left hand side. Make sure the edges of the Dividers also glue to the Back. Allow to dry.
- Glue the Handle in place and allow to dry.
- 7. Glue the Front to the top of the shelf and allow to dry.

Spray Bottle Holder

Finished size - 8.75 inches x 9 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See Designer Tips).

Cutting List (Construction Board)

1 x Base

2 x Front and Back

2 x Sides

3 x Divider 1

4 x Divider 2

Cut the above twice from patterned paper.

- Glue the layers of construction board together to create all of the sections. Allow to dry.
- Cover each section on both sides with patterned paper. Allow to dry.
- Use an alcohol marker to colour the edges of each section.

Section Dividers

- Take a Divider 1 and lay it on your table so the long sides are on the left and right hand sides.
- Glue a Divider 2 to the middle of the above so the short edges are in the left and right hand sides. Repeat this four times.

- Glue two of the above side by side with the Divider 2s facing to the left and two with them facing to the right. Allow to dry.
- Glue the above together so the centre Divider 1 pieces are back to back.

Bottle holder

- 1. Glue the above to the Base of the Bottle Holder and allow to dry.
- Glue the two Sides to the outside edges of the Base. Make sure the Sides are also glued to the Divider Edges. Allow to dry.
- Glue the Front and Back in place. Make sure the Dividers are also glued to the Front and Back. Leave to dry.

Notes
