Punch & Judy

Finished size - 9.4 inches by 18 inches. This file will require the use of a 12” x 24” mat or you will need to resize to fit on a 12” x 12” mat. All the pieces for the Booth need to be cut in 750 or 1000 micron construction board. You will need 4 layers if you are using 750 micron and 3 layers if using 1000 micron.

1. Glue all four layers of construction board together for each section and leave to dry thoroughly. Once dry, sand the edges and ink them.

2. Cover both sides of the following Booth pieces with red card: Front, Back, Sides, Base, Shelf, and Lid. Allow them to dry.

3. Put the Base on the table and line up the side section making sure that the bottom of the side section is also on the table. Glue, press in firmly, and hold for a few minutes. Let this dry thoroughly.

4. Repeat with the other side.

5. Glue the Back in the same way.

6. The Shelf attaches next. It needs to go in 1cm above the opening in the back. Allow to dry thoroughly.

7. Glue the Front in place and press firmly. Allow to dry.

8. Cut and glue all the white stripes in place.

9. Glue the four layers of construction board for the Arch, the Curtain and the Front Board. Once dried, sanded and inked, cover them with yellow card and glue them to the front of the Booth.

10. Decorate the Booth with the Crest, Gilding, Pillars and the Punch and Judy silhouette and Signage.

11. Print off the images for the scene card from the USB. Scan the image in and position the cutting file. Cut out both images and cover the Scene Card with them.

12. To build the Puppets, cut sixteen puppet sticks and glue four of them together for each Puppet. Attach to the backs of the Puppets.
Picnic Basket

Finished size - 8.6 inches by 10.8 inches.

Sections of the Picnic Basket need to be cut in 750 or 1000 micron construction board. You will need 4 layers if you are using 750 micron and 3 layers if using 1000 micron.

**Cutting List**

**Cut the following from 750 micron**
- 4 x Base
- 4 x Front
- 4 x Lids
- 4 x Sides
- 3 x Braces

**Cut the following from blue card**
- 1 x Base

**Cut the following from kraft card**
- 1 x Front Mat
- 1 x Back Mat
- 2 x Sides Mat
- 2 x Lid Mats
- 1 x Handle Mat

**Cut the following from kraft card**
- 1 x Front Weave
- 1 x Back Weave
- 2 x Side Weaves
- 2 x Lid Weave Mats
- 1 x Back Frame

1. Glue all the layers of construction board together to form the sections. Allow each one to dry thoroughly. Once dry, sand the edges and ink them.

2. Glue the Mats and the Weaves to the appropriate sections. Attach the Frames. The Side Mats will be slightly wider than the construction board.

3. Put the Base on the table and attach a Side to the outer edge of the Base so it’s also on the table. Dry, and then add the other side.

4. Glue the Back. Allow to dry. Repeat with the Front.

5. Attach the Lids so the extended rectangle slots into the holes in the front and back. Add the Brace.

6. Glue two kraft card Handles to either side of the blue Handle Mat. Allow to dry and attach to the Picnic Basket.

7. Glue the Table Cloth pieces to the top of the front and back.

8. Decorate with the Flowers and Butterflies.

9. Make a bow and glue to the top of the handle and wrap the ribbon tails around the remaining handle.

4 x Table Cloth from pink dotty paper (USB)

5 x Butterflies

Daisies Circles and Leaves for decoration as required

Finished size - 8.6 inches by 10.8 inches.
Seaside Mobile

**Finished size** - 7.8 inches by 23.6 inches.

**Cutting List**

3 x Rings (construction board)  
2 x Rings (card)  
6 x Clouds  
1 x Hanging piece for each that you wish to hang

1. Cut three of the Rings from construction board and stick together using a wet glue. Allow to dry.

2. Cut the pieces for the hanging items, each file contains all the pieces to create both the back and front of each item.

3. Assemble the front and back pieces for all of the cuts, sandwich invisible thread between the front and back pieces with varying lengths of thread.

4. Attach the Mobile hanging pieces to the construction board ring.

5. Cut two white Rings, glue these to the top and bottom of the construction board Ring, sandwiching the thread in place.

6. Cut six Cloud borders and glue around the outside of the ring layering the Clouds using wet glue. Allow each Cloud piece to dry before adding the next.

**Tip:** Use a hot glue gun to tack the Clouds in place while the wet glue dries.

7. Attach twine to the rings through the holes to create a hanger for the Mobile.
Cutting List

**Bowl**
1 x Inner Base
1 x Outer Base
12 x Inner Side
12 x Outer Side

**Fruit**
(Except Pineapple)
1 x of each fruit

**Pineapple**
1 x Body
1 x Leaves
Fruit Bowl

Bowl

1. Glue the Inner Base and Sides together to make the inside of the bowl and rim. Make sure all Side pieces face the same way.
2. Glue the Outer Base and Outer Sides to create the outer bowl.
3. Finally, stick the rim to the outer bowl.

Fruit

1. The Fruit for the bowl has pattern sheets included on the USB, print the design onto A4 cardstock full size – do not scale the image.
2. Select the Fruit to be cut from your USB, group all pieces in the file together.
3. Attach the card to your mat and scan into your machine.
4. Align the Fruit to the centre of the scanned pattern and cut.
5. Build the Fruit, to hide the score marks on the edges we recommend brushing a little Distress Ink on the edges.

Pineapple

1. Build the body of the Pineapple the same as the rest of the fruit.
2. Cut Leaves out of green card and stick to the Pineapple Body.

Finished size -
Bowl – 7.2 inches by 1.7 inches.
Banana – 5.7 inches by 1.1 inches.
Watermelon – 2.8 inches by 3.3 inches.
Apple – 2.7 inches by 1.2 inches.
Orange – 2.6 inches by 1.3 inches.
Kiwi – 2 inches by 1.5 inches.
Pineapple – 2.7 inches by 5.3 inches.
Hot Air Balloon

**Finished size** - 5.9 inches by 14.5 inches.

- 24 x Balloon Folded
- 24 x Panel Inserts
- 4 x Bows (2 designs, 2 of each)
- 4 x Rosette
- 5 x Sets of flowers (each set contains 4 flowers, each in a different patterned paper)
- 4 x Cube (Cut these from either 4 layers of 750 micron board or 3 layers of 1000 micron.)

You will also need 3 kebab skewers.

1. Cut, fold and edge, with ink or a pen, all 24 Balloon Folded sections.

2. Repeat step one but with the Panel Inserts.

3. Glue one half of the Panel Insert to the outer edge of one of the Balloon Folded pieces.

4. Glue another Balloon Folded piece to the other half of the Insert. Repeat until all 24 are done but don’t glue the first and last section together.

5. Glue three kebab skewers together as shown.
6. Wrap the Hot Air Balloon around the glued skewers using hot glue to secure it in place. Glue the first and last panel of the Hot Air Balloon together to complete the shape.

7. Create two Rosettes by gluing two of the Rosette pieces together. Concertina these, inking them if required. Finally, glue the remaining ends together to create the Rosette. Glue one on top of the Hot Air Balloon and the other to the bottom.

8. Glue the construction board Cube pieces together and cover with a patterned paper. Allow to dry thoroughly. Glue them together to create a cube with the section with the circle in it in the centre.

9. Cut the skewers down to the height you want. Squeeze some hot glue through the hole in the centre of the cube and put the Hot Air Balloon skewers into the hole. Hold in place whilst it sets.

10. Create the Bows by gluing two back to back and allow to dry thoroughly. Curl the Bow to prevent creasing and glue the tabs into the centre. Glue them to the skewers.

11. Take four of the flowers you cut, one from each patterned paper. Trim each one as shown. Glue the petals together as shown. Make five of these and attach one to each of the sides of the cube and one to the top of the balloon.
Steve the Flamingo

Finished size - (just flamingo) 5.9 inches by 19.2 inches.
(with foliage) 14.5 inches by 25 inches.

Cutting List

1 x Each of the Flamingo files
1 x Boater
1 x Boater band
3 x Sheets of Lei flowers
1 x Bow tie
1 x Collar
Foliage and Feathers as desired

Flamingo

1. Cut the tip of the Beak in black and the Head White piece in white, assemble the black and white piece with either super sticky tape or wet glue and then attach the tip of the Beak to the white piece.

2. Cut the Head Pink piece in pink, fold all the score lines to shape the piece and assemble, leaving the Throat flaps unstuck. Attach to the black and white Beak section.

3. Cut the three Neck pieces in pink, fold and stick together. Cut the Throat section and attach last.

4. Attach the Head section to the Neck section, cut and stick, attaching the Throat flap on the head last.

5. Cut Body 3 and assemble the Chest section.
6. Attach the Body to the Neck.

7. Assemble Body sections 1 and 2, attaching the two pieces together to create a hoop.

8. Attach the Body sections together. Finally attach Body 4 across the back of the Neck. Attach the Mount piece to the back of the Body and decorate with Feathers and Leaves as desired.

Boater

1. Fold and glue the large Boater section to make the hat crown.

2. Fold the remaining tabs around the edge to the outside and glue a ring to the top and bottom of the tabs to make the brim (hiding them entirely).

3. Wrap the bands around the outside of the hat and glue in place.

Tie and Collar

1. Glue the Collar around the neck. Join on the Flamingo with the points to the front.

2. Fold the outer tabs of the bow to the centre and glue. Fold the centre tab over and glue into place. Glue in the centre of the Collar.

Lei

1. Using a punch, make a small hole in the centre of each flower.

2. Spray the flowers with a little water and mould into a bowl or cup shape, allow to dry.

3. Thread a piece of elastic through the flowers, alternating colours to build the Lei.

4. When you have a Lei to the length you want, pull the elastic and tie a knot. Cut off any excess and let the flowers hide the join.
Pele the Parrot

**Finished size** - 10.6 inches by 11.8 inches.

**Cutting List**

1 x Beak and Eye – black  
1 x Beak – yellow  
1 x Body and Tail Feathers – red  
1 x Eyelid and Tongue – red  
1 x Face and Eye – white  
2 x Foliage – green  
2 x Flowers – blue and red  
2 x Perch  
1 x Tail Feathers – blue  
1 x Wing 1 – green  
1 x Wing 2 – yellow  
1 x Wing 3 – red

1. Glue the two Perches together.

2. Glue the tab of the blue and red Tail Feathers together and attach to the Body (align with the dashed line).

3. To make the Wing, layer the three pieces of Wing 1 together and glue. Layer the Wing 2 pieces together and glue on top. Glue the two red Top pieces to the Wing. Allow to dry.

4. Glue the Wing to the Body, ensuring it covers the top of the Tail Feathers.

5. For the Face, glue the white and black Beak sections in place. Glue the yellow Beak and red Tongue on top of the black section. Glue the white, black and red Eye sections in place on the white Face.

6. Glue the Parrot to the Perch, and arrange and glue foliage and Flowers around the edge.
Wall Rosettes

Cutting List
1 x Extra Small Rosette piece
2 x Small Rosette pieces
4 x Medium Rosette pieces
5 x Large Rosette pieces
1 x Circle per Rosette

Finished Rosette Sizes
Extra small - 2.2 inches, small - 5.5 inches, medium - 10.2 inches, large - 14.7 inches.

1. Fold each piece along the fold lines back and forth to create a concertina shape.

2. Stick together the ends of each piece to form a Circle. Pull the Circle towards the centre and push it flat to make the Rosette shape.

3. Glue the Circle piece to the back of the Rosette to make sure it stays in shape lying flat.
Cocktail Glasses

Finished size - 8.8 inches by 8.6 inches.

1. Cut all the pieces for the Glass.

2. Glue the Drink piece to the main Glass piece and fold the score lines to start to shape the Glass.

3. Glue the tabs for the main Glass piece to form a half bowl shape.

4. Attach the rim and the Drink top to the main Glass.

5. Attach the Stem of the Glass to the glass Back piece by folding the left and right tabs in and aligning to the back Stem section, fold the small tab at the top of the stem down.

6. Attach the main Glass to the Back piece, adding a dab of glue to the tab at the top of the Stem where the Base of the main Glass touches the stem.

7. Fold all the score lines for the Base of the Glass and assemble.

8. Fold up the Base of the Glass on the Back piece along the score line, align the top of the Base to the score line and glue the Base to the Back piece.

9. Attach the finished Glass to the back panel and decorate.

Cutting List (for 1 Glass)

1 x Back
1 x Stem
1 x Inside
1 x Drink
1 x Glass
1 x Base
1 x Large Circle Plaque
1 x Smaller Circle Plaque
3 x Plaque Decoration
Beach Life

You will need a 6” x 6” shadow box frame for this project.

Cutting List

1 x All layers
1 x Frame Mount

1. Place the Mount into the frame.

2. Layer the pieces in the frame, placing the highest number nearest the glass. Stick each layer using foam mount tape to give the frame depth.

We’ve designed Beach Life to work in a 6” x 6” box frame, however these can vary slightly in size, so you may need to adjust the size of the file to fit the frame you are using.
Sign Post

Finished size - 5.1 inches by 10.6 inches.

Cutting List

1 x Base
1 x Post
1 x Grass with tabs
2 x Grass
5 x Signs

1. Build the base piece by folding in the tabs and gluing it together.

2. Fold and glue the post together and glue it into the base. Decorate the base with the grass.

3. Add your text onto the signs and glue them to the post.
Gumball Gift Box

Finished size - 3.7 inches by 9.4 inches.

Cutting List

1 x Box 1
1 x Box 2
1 x Drawer Dispenser Cover
1 x Edging
3 x Glass from Acetate
1 x Lid Cover
1 x Lock - Circle
1 x Lock - Frame
1 x Slot - Drawer
1 x Handle
1 x Sticker - Circle
1 x Sticker - 1P
3 x Window Frames

1. Glue Box 1 and Box 2 together.

2. Lay the Box flat on the desk with the inside facing up and use red liner tape to attach the Glass pieces behind the window apertures.

3. Turn the Box over so the outside is facing up and glue the Box Lid Cover, the Window Frames and the Edging pieces in place.

4. Glue the Lock and the Sticker to the front of the Box.

5. Build the Box, leaving the Dispenser Box and the Lid open.

6. Close the Lid.

7. Gently fold the Dispenser sides into the bottom end of the Box.

8. Close the Dispenser Drawer.
Tiki Lamps

**Finished size** - 3.3 inches by 9.8 inches.

![Tiki Lamps image]

### Cutting List

- 1 x Tiki Lamp
- 1 x Top Piece
- 1 x Bottom Piece
- 2 x Flame pieces
- 2 x Flame Insides
- 1 x Face Decorations

1. Glue the two Flame pieces together above the fold line, insert below the fold line into the Top piece and glue each side to the inside of the Top.

2. Glue the Decorations around the face and allow to dry. Roll it into a cylinder and glue in place.

3. Fold in the tabs on the Top and Bottom pieces and using glue to secure insert them into the top and bottom of the Torch.
Lei

You will need five sheets of different colours to make a full Lei. Spray the flowers with water and mould them to help give them shape.
