Designer Tips

If you are using 750 micron construction board you will need to cut 4 layers of each section. If you are using 1000 micron construction board you will need to cut 3 layers of each section.

You will need:
A sanding block
A good PVA glue (We used Pinflair Bookbinding glue).
A brown alcohol marker to colour the edges of each section so that it looks like wood.
Patterned papers from the USB or from your stash.

Make sure you let each section dry before moving on to the next.
Rainbow Cake

Finished size - Bottom Tier: 9.6 inches x 3.9 inches, Middle Tier: 8.7 inches x 3.9 inches, Top Tier: 7.9 inches x 3.9 inches.

Cutting List
Cake Box
Cut all of the below for each Cake Tier.
3 x Base
3 x Tabbed Sides
3 x Sides

Lid
3 x Lid
3 x Lid Tabbed Side
3 x Lid Side

Cupcake Tray
5 x Cupcake Spacers
1 x Cupcake Tray

For Each Cake Box
1. Glue two of the Base pieces together and allow to dry.

2. Glue the three tabbed Sides together to create a hoop. Fold in the tabs to the inside of the hoop. Allow to dry.

3. Add glue to the tabs and insert the Base piece from step 1 inside of the Box, pushing down firmly.

4. Glue the three Sides (without tabs) to the inside of the Box, to strengthen the sides.

5. Turn the Box over and glue the last Base onto the bottom of the Box, covering the tabs.

6. Repeat steps 1-5 with the Lid pieces to make the Lid for the box.

7. For the Cupcake Tray, glue each Cupcake Spacer to make a cube. Allow to dry.

8. Glue each of the Cupcake Spacer cubes onto the bottom of the Cupcake Tray, spacing evenly to create support. Place into the bottom of the Cake Box.

Tip
When storing baked goods in card we recommend lining with a piece of greaseproof paper to stop any greases or oils soaking into the card.
**Decoration**

**Bottom Tier**

**Cutting List**
- 6 x Ribbons
- 14 x Twisted Stripes
- 32 x Icing Cones

1. Roll each Twisted Stripe into a loop. Glue at the top and bottom to the side of the box.

2. Glue the Ribbons together in sets of three and allow to fully dry.

3. Wrap and glue the three of the Ribbons around the top of the cake, covering the ends of the Twisted Stripes. Repeat with the other three Ribbons around the bottom.

4. When dry place the Lid onto the Box.

5. Tightly curl and glue the Icing Cones to create icing dots. Glue to the bottom Ribbon and the side of the Lid.

**Middle Tier**

**Cutting List**
- 15 x Side Icing (3 per row)
- 14 x Icing Cones

1. Glue the Side Icing pieces together in sets of three to create a wrap.

2. Glue the Side Icing wraps around the cake tightly. Offset the next row when gluing. Repeat the step until the tier is covered in dots, you will need five sets of dots to fully cover the box. Allow to fully dry.

3. Tightly curl and glue the Icing Cones to create icing dots. Glue around the side of the Lid.

**Top Tier**

**Cutting List**
- 3 x Sides
- 3 x Icing Sides
- 3 x Ribbons
- 32 x Icing Cones

1. Cut the Sides out of coloured paper. Glue onto the side of the Box.
2. Add glue around the edge of the Icing Sides, ensuring not to get glue on the flaps and glue onto the side of the Box, covering the coloured paper.

3. Carefully, open the flaps, curling them away from the Side of the Cake Box.

4. Glue the Ribbons together in sets of three and allow to fully dry.

5. Wrap and glue the three of the Ribbons around the top of the cake, covering the top of the Icing Sides. Repeat with the other three Ribbons around the bottom.

6. Tightly curl and glue the Icing Cones to create icing dots. Glue to the bottom Ribbon and the side of the Lid.

---

**Bow Cutting List**

- 2 x Bow Tails
- 2 x Bow Large
- 2 x Bow Small
- 1 x Bow Centre

1. Glue the Bow Tails into an ‘X’.

2. Take one of the Large Bows and glue the outside edge of each strip to the centre. Repeat with the other large bow.

3. Glue the two Large Bows together at a 45° angle, creating a star shape. Repeat steps 1 and 2 with the Small Bows.

4. Glue the Large Bow onto the Tails. Allow to dry. Then glue the Small Bow on top. Allow to dry.

5. Glue the Bow centre ends together, to create a loop. Glue onto the centre of the Bow.

6. Glue the Bow onto the Lid of the Top Tier.
Cascading Cup

Finished size - 8 inches x 5.3 inches

Cutting List
2 x Cup Base
8 x Cup Bottom Edge
7 x Cup Side
1 x Cup Side Handle
2 x Handle
16 x Cup Gilded Edge
8 x Cup Mat
1 x Cone
8 x Saucer Gilded Edge
8 x Saucer Mat
8 x Saucer Outer
2 x Saucer Centre

You will also need
1 x Small length of garden wire
Hot Glue

Flowers for decoration
Flowers
Individual Petal Flowers
Strips of Petals
Cup
1. Glue the eight Cup Bottom Edge pieces together to form an octagon. Glue one of the Cup Bases to the top.

2. Build the main body of the Cup gluing together the Sides and Handle Side. Glue to the Base from step 1.

3. Glue the two Handles together leaving the tabs free and insert through the two slits in the side of the cup. Fold the tabs outwards and glue to the inside of the cup.

4. Cover the inside of the Cup with the Mats and the second Cup Base to hide the tabs.

5. Finally glue the Gilded Edge to the inside and outside rim of the Cup.

Saucer
6. Glue the Outer pieces to one of the Centres, and cover with the Mats and the remaining Centre.

7. Glue the Gilded Edge to the rim of the Saucer.

Flowers
1. For the strips of petals roll the strip into a circle, fold out and position petals, glue in place.

2. For the individual flowers, use six petals per flower. Pull the ends of the petal on top of each other where the slit is and secure with glue to give the petal a curve. Allow to dry.

3. Glue the petals onto a disc to form a flower. Glue a flower centre in the centre to cover up the petal ends.

4. For the whole flowers, curve the flower using a ball tool and foam mat. Glue a flower centre on top.

Assembly
1. Build the cone around a length of garden wire, hot gluing to place.

2. When dry, glue the cone to the base and the wire to the inside of the cup. Adjust the wire so the cup is suspended in mid air and balanced over the saucer.

3. Decorate with flowers to hide the wire.
Always Time For Tea

You will need an 8” x 8” Deep Box Frame for this project.

Note- The design has been made to fit an 8 inch x 8 inch Deep Box Frame. As these frames can vary slightly in size you might need to adjust the artwork slightly.

Cutting List
1 x Every file except Spacer
4 x Spacer
Shadow Box Inset and Background

1. Build the Shadow Box and decorate the Background.
2. Build the Table and insert into the bottom of the Shadow Box Frame. Attach the Teapot and Cups to the Table.
3. Glue the Shadow Box to the rear of the Background panel.
4. Build the four Spacers and arrange around the Shadow Box and glue to the rear of the Background panel.

Tea Tin

1. Attach the Tin Metal, Tin Print and Frame to the Main Body of the Tin using foam spacing tape.
2. Glue the pieces of the Scrolls and add the Lettering on top. Attach to the Tin using foam tape.
3. Glue the ‘There Is Always’ lettering to the Lettering backing.
4. Attach the Tin to the Background panel aligning the Frame to the hole.
5. Attach the Mount to the Background using foam tape and insert into the Frame.

Children’s Circus Cake

Note - The external wrap has been sized to an 8” cake (using 3 panels) - dependent on the size of your iced cake, you may need to cut the wrap to size.

If you wish to use a paper cake, an 8” display cake has been included on the USB. Follow the instructions for a tier of the Rainbow Cake (page 6) to build.
Cutting List

Bunting
As many Bunting pieces as required.

Animals
1 x Each Animal
Each Animal file contains all the pieces to make two of each performer, one is a mirror image of the other.

Wrap
3 x Panels
12 x Arches

Additional items needed:
2 x Paper Straws
2 x Kebab Skewers
String
Hot Glue

Bunting

1. Cut the Kebab Skewers to the height you want the bunting, adding an additional inch to the length.

2. Cut the two Paper Straws 3/4” shorter than the length of the Skewers.

3. Cut a length of string and attach the Bunting Flags, spacing evenly.

4. Using hot glue, attach the ends of the string to the Kebab Skewers. While still hot, slide the Skewer through the Straw (sharp end first) so the string and glue are 1/4” from the end, and the sharp end of the Skewer sticks out 1”.

Animals

1. Take one of the animals, glue both pieces back to back around a cocktail stick, so the animal can be inserted to the top of the cake. Repeat for each animal character.

Cake Wrap

1. Cut out the Wrap and Arches.

2. Glue the Arches onto alternate spaces on the Wrap.

3. Glue the sections of the wrap together to make a single long piece. Wrap around your cake.
Cake Stand

Finished size - 8.9 inches x 9.8 inches

Cut the following either 3 or 4 times depending on which thickness of construction board you are using. (See designer tips).

Cutting List
(Construction board)

Stand
1 x Base 1
1 x Base 2

Plate Frames
1 x Large Plate Frame
1 x Medium Plate Frame
1 x Small Plate Frame

Plates
1 x Large Plate
1 x Medium Plate
1 x Small Plate

Cut the Plate files, twice from patterned paper.

Cup
(Card)
2 x Cup Base
8 x Side
8 x Side Mat (patterned paper)
1 x Handle
1. Glue the layers of construction board together to create all of the sections. Leave to dry.

2. Use an alcohol marker to colour the edges of each section.

3. Cover each section on both sides with patterned paper. Leave to dry.

**Assembly**

1. Slot the Base pieces together.

2. Slide the three Plates over the stand, largest to smallest, pushing into place.

3. Finally, place the Cup on the top of the Stand.

**Plates and Frames**

1. Glue the Small Plate Frame on top of the Small Plate, allow to dry. Repeat for the Medium and Large Plate Frames and Plates.

**Cup**

1. Glue the Sides of the Cup to the Base and then glue the Sides together. Allow to dry thoroughly.

2. Glue the Side Mats and second Base on the Cup, covering all the tabs.

3. Glue the Handles together, leaving the tabs glue-less. Insert the tabs through the circular discs, fold the tabs outwards and glue.
1. Distress the edges of the petals using ink as required. Use a ball tool and foam mat to curve the petals into shape.

2. Glue the tab to the back of the petals to form a ring, do this for each section of the rose.

3. Using the largest ring as a base glue each petal ring inside each other, biggest to smallest.

4. Position the three single leaves at the centre and secure with glue.

5. Take a length of green ribbon and using hot glue attach the Roses to make the wrap.

6. Add Leaves and Blossoms to cover the ribbon.

Cutting List
Roses (per flower)
1 x Rose
3 x Single Rose Petals

Note - 11 Roses were used to make this wrap.

You will also need
As many Leaves and Blossoms as required.

Green Ribbon
Hot Glue

You can use the wrap on real cake or a card one. The three tiers of the cake build the same as the Rainbow Cake. Please see page six for the steps.
Giant Teapot

Finished size - 10.2 inches x 12 inches

Cutting List
Handle
1 x Handle 1
1 x Handle 2

Teapot
10 x Sides
1 x Spout
1 x Base
As many Polka Dots as required.

Lid
1 x Lid Base
1 x Lid Top
10 x Lid Sides
10 x Lid Handle
2 x Handle Top & Bottom

Teapot
1. Glue the Sides to the Base, and glue the Sides together to build the Pot.
2. Build the Spout, fold along the score lines and glue the tabs to the straight edges. The single piece will fold into a spout shape as you build. Glue the finished Spout to the Pot.
3. Glue the two strips of the handle together and attach the side of the handle to either side. Fold the Edge of the handle around the ‘C’ shapes. When dry, glue to the Pot.
4. Decorate with the Polka Dots.

Lid
1. Glue together the Base, Sides and Top.
2. Glue the Lid Handle pieces together and attach to the Lid Handle Top and Bottom to make a sphere.
3. Glue to the top of the Lid.
Dolly the Owl

Finished Size - 7.6 inches x 7.4 inches

Cutting List
Main Body
2 x Body
2 x Eye White
2 x Eye
1 x Face
1 x Head
1 x Chest
2 x Wings
1 x Side Feathers

Tray
1 x Beak
1 x Tray Sides
2 x Body Tray
2 x Body Wing
2 x Eye Black
2 x Eye White
**Main Body**
1. Taking one of the longer Side pieces, glue the first tab to the centre of the head. Make sure the score lines on the Side match to the shape of the Owl.

2. Gluing a few tabs at a time, wrap the side around the edge of the Body.

3. Glue the smaller Sides piece to the bottom, finishing at the point at the end of the body.

4. Repeat steps 1 - 3 with the other Side to create the Lid.

5. Glue the Feathers around the Side.

6. Build the Owl face and body as shown in the photograph onto the second Body piece. Allow to dry.

7. Glue the decorated Body on top of the Lid. Allow to dry.

**Tray**
1. To make the Tray Base repeat steps 1-4 from the Main Body.

2. To make the inserts for the Tray (Eye, Beak, Wing etc.), glue the Edge strip in each file to itself to create a hoop. Fold the tabs to the inside, and glue the panel into the bottom pressing hard and shaping the edge.

3. Arrange and glue each piece into the base of the tray.

**Tip**
To make a great gift, fill the Tray with coloured sweets to match the colours used on the Main Body to make a nice surprise when opened.
Wonky Cake Tins

**Finished size** - Bottom Tier: 5.9 inches x 5.6 inches, Middle Tier: 4.9 inches x 4.6 inches, Top Tier: 3.9 inches x 3.6 inches.

**Cutting List**
*(Construction Board)*

**For each box**
- 1 x Lid
- 1 x Short Side
- 1 x Deep Side
- 1 x Front
- 1 x Back
- 1 x Base
- 8 x Lid Support

Cut all of the above twice from patterned paper to cover.

1. Glue the layers of board together to create all of the sections. Leave to dry.

2. Cover each section on both sides with patterned paper. Leave to dry.

3. Use an alcohol marker to colour the edges of each section.

4. Glue two Lid Supports lengthways to the inside of each Side, Front and Back piece, 4mm from the bottom.

5. Glue the Sides, Front and Back pieces onto the sides of the Base (so the Short Side of the Lid Supports rest on top of the Base piece).

6. Put the Lid on the Box so it rests on the eight Lid Supports.

7. Repeat instructions 4-6 to make the other two boxes.

8. As the Boxes rest on top of each other there is a finger hole in the Lid of the two largest boxes, you will need a handle for the smallest Lid.

Finished size - Bottom Tier: 5.9 inches x 5.6 inches, Middle Tier: 4.9 inches x 4.6 inches, Top Tier: 3.9 inches x 3.6 inches.
Coffee Pot

Finished size -
10.4 inches x 8 inches

Cutting List
Body
1 x Base
8 x Sides
8 x Inside Lip
1 x Handle
1 x Spout

Lid
1 x Base
1 x Top
1 x Handle
8 x Sides

Coffee Pot
1. Glue the smaller handle strip to the centre of the larger, aligning the score lines. Fold the longest sides of the handle strip over and glue into place.

2. Lay the Sides out and decorate with embellishments as desired. Remember you will need to attach the spout and handle four sides apart, so allow space!

3. Glue the Sides to the Base and add the Inside Lip to the inside of each piece. Glue the sides together to build the pot. Allow time for the glue to dry between each tab.

4. Build the Spout, fold along the score lines and glue the tabs to the straight edges. The single piece will fold into the spout shape as you build. When dry, glue the finished Spout to the Pot.

5. Fold the handle on the score line and glue to the pot. Mould the handle to the desired shape and glue the Bottom into place, cutting off any excess length.

Lid
1. Glue together the Base, Sides and Top.

2. Build the handle and fix to the top of the Lid.
Sandwich Box

 Finished size - 8 inches x 11.4 inches

Cutting List
Main Sandwich Box
1 x Back
1 x Base
1 x Front
2 x Sides

Sandwich Compartment
1 x Sandwich Compartment

Main Sandwich Box
1. Glue the Sides, Front and Back to the Base Panel.

2. Glue the Front and Back to the tabs on the Side pieces. Allow to dry thoroughly.

Sandwich Compartment
1. Glue all the pieces together to create a triangular box.

The Sandwich Compartment fits into the side of the Main Sandwich Box, allowing you to separate savoury and sweet foods in the box.

Tip
When storing baked goods in card we recommend lining with a piece of greaseproof paper to stop any greases or oils soaking into the card.
**Flower Cake**

Note - The external wrap has been sized to an 8” cake (using 3 panels) - dependent on the size of your iced cake, you may need to cut the wrap to size. If you wish to use a paper cake, an 8” display cake has been included on the USB. Follow the instructions for a tier of the Rainbow Cake (page 6) to build.

**Cutting List (Per Flower)**
- 1 x Flower
- 6 x Leaves (Tall)
- 4 x Leaves (Short)

**Wrap**
- 3 x Wrap
- 12 x Flower

**You Will Also Need**
- Kebab Skewers
- Hot Glue

**Flower Toppers**
1. Cut out flowers and leaves.  
   Shape the petals.

**Tip**
Spray the petals lightly with water when shaping to hold the shape.

2. Glue the flowers together.  
   Allow to dry.

3. Cut the skewers to different lengths as required.

4. Glue the leaves onto the skewers, followed by the flowers.

5. Wrap the flower centres around the skewer.

**Cake Wrap**
1. Cut out the Wrap and Flowers.

2. Glue on the Flowers heads to the Wrap.

3. Glue the sections of the wrap together to make a single long piece. Wrap around your cake.
Recipe Box

Finished size - 4.5 inches x 5.6 inches

Cutting List
1 x Front
1 x Base
1 x Back
1 x Lid
1 x Divider
2 x Sides

Cut the Mats for the above as well from patterned paper.

1. Glue the Back, Front and Sides to the Base of the Box. Allow to dry.
2. Build the Lid.
3. Glue the Mats onto the corresponding piece.

Recipe Cards

In the papers section of your USB we have included some blank cards as well as a few of our favourite recipes to help you get started.

1. Print the recipe card onto cardstock and stick to your cutting mat.
2. On the machine select the ‘scan’ function and choose Direct Cut.
3. Scan the sheet into the machine and request it to cut the card out.
4. Fill out and start your collection of recipes.
Floral Teapot

**Finished size** - 5.8 inches x 7.2 inches

**Cutting List**
- 2 x Handle Circles
- 1 x Handle
- 10 x Sides
- 1 x Spout
- 1 x Top & Base
- As many Polka Dots as required.

**You will also need**
- Flowers for decoration
  - Flowers
  - Individual Petal Flowers
  - Strips of Petals

1. Glue the Sides to the Base (smaller decagon). Glue the Sides together to build the pot. Attach the Top (larger decagon).

2. Build the Spout, fold along the score lines and glue the tabs to the straight edges. The single piece will fold into the spout shape as you build.

3. Build the Handle, fold along the score lines and connect the tabs to the straight edges. The single piece will fold into the Handle. Glue the Handle Circles to the ends.
4. Glue the Handle and Spout to opposite sides of the Pot.

5. Decorate with the Polka Dots.

**Flowers**

1. For the strips of petals roll the strip into a circle and fold out and position petals, glue in place.

2. For the individual flowers, use six petals per flower. Pull the ends of the petal on top of each other where the slit is and secure with glue to give the petal a curve. Allow to dry.

3. Glue the petals onto a disc to form a flower. Glue a flower centre in the centre to cover up the petal ends.

4. For the whole flowers, curve the flower using a ball tool and foam mat. Glue a flower centre on top.

Note – The teapot has a solid top for the flower display. The Lid included (not pictured) is purely decorative.

**Scone Basket**

**Finished size** - 2 inches x 5.4 inches
Sliced Cake Box

**Finished size** - Bottom Tier: 10 inches x 2.75 inches, Middle Tier: 8 inches x 2.75 inches, Top Tier: 6 inches x 2.75 inches

**Cutting List**

**Cake**
11 x Large Layer Cake Box  
11 x Large Cake Lace Top  
11 x Large Cake Stripe (longer)  
11 x Large Cake Stripe (shorter)

9 x Medium Layer Cake Box  
9 x Medium Cake Lace Top  
9 x Medium Cake Stripe (longer)  
9 x Medium Cake Stripe (shorter)

7 x Small Layer Cake Box  
7 x Small Cake Lace Top  
7 x Small Cake Stripe (longer)  
7 x Small Cake Stripe (shorter)

**Tray**
1 x Large Tray Base  
1 x Large Tray Mat  
11 x Large Tray Sides

1 x Medium Tray Base  
1 x Medium Tray Mat  
9 x Medium Tray Sides

1 x Small Tray Base  
1 x Small Tray Mat  
7 x Small Tray Sides

**Cake**

1. Fold each Cake Box along the fold lines and slot the tabs into the slits. This box is glue free and folds out flat to use as a plate for your cake.

2. Glue the Cake Stripes on the sides of the cakes, making sure to put the longer stripe on the side without a slit.

3. Glue the Lace Top on the lid of the box, lining up the point with the centre.

4. Cut decorations such as Flowers and Bows as required. We used nine flowers on the medium layer and eleven bows on the large layer.

**Tray**

1. Fold the tabs on the sides inwards and glue them to the top of the base. Glue the side tab to the side next to it to form a complete side. Repeat for each layer’s trays.

2. Glue the mat inside the tray to hide the tabs.
Stacking Game

**Finished size** - Each Cup: 3.2 inches x 7.6 inches.

**Cutting List**

**For each cup**
1 x Cup Base
1 x Cup Handle
1 x Saucer Mount
2 x Saucer
8 x Sides
1 x Top

1. Glue the Saucers to make two shallow cones. Glue the Saucers together.

2. Fold the four tabs on the Saucer Mount underneath the disc and glue to the centre of the cone.

3. Build the cup by gluing the Sides, Top and Base together.

4. For the Handle, glue the two handles together, leaving the tabs glue-less. Insert through the slits in the tear drops, fold back and glue.

5. Glue the Handle to the main body of the Cup.

6. Glue the base of the Cup to the Saucer Mount.

**Have fun!**
Tea Bag Box

**Finished size** - Box - 2.2 inches x 5.5 inches, Teabags - 2.7 inches x 2.3 inches.

**Cutting List**

1 x Box  
1 x Divider  
2 x Mat  
2 x Bows  

Tea bag packets as required. We used 25 to fill our box.

**Box**

1. Fold the Box along the score lines and glue the tabs onto the sides to make the box.
2. Insert the Divider into the centre of the box and secure with glue.
3. Glue the Mats around the bottom of the Box.
4. Make two Bows and glue onto the side of the box.

**Tea Bag Packet**

1. Fold along the score lines and glue along the side and bottom tabs to secure. Use a low tack dot to keep the packet closed.
